

## GROUP LEADER ACCOMMODATION

### A HOMESTAY EXPERIENCE

Homestay host accommodation is a great option for group leaders who would like to stay in a friendly environment with the opportunity to practise their English with a native speaker.

All leader hosts provide the following:

- Breakfast and an evening meal
- A door key
- A separate bedroom for each leader with accommodation for up to two leaders per homestay

Homestay houses and hosts vary. You may find any of the following:

- A single host
- A hosting couple
- Hosts with children or grandchildren living in or visiting the home
- Pets
- A bathroom shared with the host
- A separate bathroom

Most hosts will have some simple rules which may include:

- No smoking in the homestay
- No food in the bedroom
- Leaders not expected to return to the house during the day between 9am and 5pm except by prior arrangement with the host

All our group leader hosts are welcoming and experienced and will discuss any house rules with you. As a guest in someone's home, you will experience our way of life, our conversation and our home-cooked food. Many leaders enjoy their experience so much that they request the same host year after year. Choosing homestay accommodation can be a way of making friends for life.

### GUEST HOUSE ACCOMMODATION

A guest house will obviously be a good option for leaders wishing to have a little more privacy and flexibility although this will be at an **additional cost**. You can expect the following:

- Your own room with ensuite bathroom or shared apartment if requested
- Bed and breakfast only
- No evening meal provided
- Guests will be free to return to their rooms during the day if they wish

If you require guest house accommodation, then we need to be given as much notice as possible. Broadstairs is a small town and it is a popular holiday destination, so our guest houses fill up very quickly. Leaders who regularly require guest house accommodation will often book again for the following year before they leave.
